

The points awarded for Campus Life activities and the list of activities shown in the following tables are drawn up and agreed upon by student representatives from the four categories of student organisations: Students' Union, Hall Councils, Constituent Clubs and Non-Constituent Clubs.

Student organisations shall ensure that there is no neglect of duties or gross incompetence shown by members of their respective committee or project group during their term of service. Any student who is found guilty of neglect of duty or incompetence shall forfeit his / her points.

University representation is monitored and endorsed by the Student Affairs Office (SAO). The office will determine the points for competitions / events at the respective levels of Campus Life. A university representative under the room scheme who fails to comply with training / competition requirements will have to forfeit his / her room allocation.
